Summary

A highly motivated Computer Science graduate with 4 years of academic and internship experience, specializing in business intelligence, data science, UI/UX design, and Android development. Adept at utilizing Microsoft Office, Figma, Python, and Android Studio. Certified in AI, cybersecurity, and networking from institutions such as IBM Academy, EC-Council, Cisco, and Indonesian Professional Certification Authority in Software Engineer. Proven ability to work in cross-functional teams, manage technical projects, and translate user needs into digital solutions.

Education

Mercu Buana University — Jakarta, Indonesia
Bachelor of Computer Science, Information Systems — Sep 2019 – Feb 2024
[GPA: 3.53/4.00]

Relevant Coursework: Research Academic Project: Enhancing The Quality of Irrigation Wastewater for Mung Bean Cultivation Using IoT Technology
Thesis/Final Project: Implementation Of A K-Means Classificationalgorithm For Regional Mapping Of Product Demand In A Case Study Of A Hije Shop In Shopee Using Orange

Areas of Interest: Business Intelligence, Data Science, Mobile Development, UI/UX Design

Experience

Infinite Learning Indonesia — Remote
IBM Academy Hybrid Cloud and AI Intern — Aug 2023 - Jan 2024

- Developed cloud-native applications using Red Hat OpenShift, enhancing skills in digital transformation strategies.
- Administered Red Hat Enterprise Linux systems, SSH configuration, and basic storage and network security, resulting in improved system performance.
- Implemented K-Means classification algorithm using Orange, mapping regional product demand for a veil/hijab shop on Shopee.
- Applied generative models using Watsonx.ai, creating a retrieval augmentation application and tuning models for deployment machine learning.

Humanity First Indonesia (NGO) — West Jakarta, Indonesia
Front End Developer Intern — Mar 2023 -Aug 2023

- Designed and implemented responsive UI/UX components for the NGO's WordPress-based platform, improving user navigation and content clarity.
- Created content updates and activity reports on the website, increasing audience engagement by 20%.

- Provided technical support and documentation for ongoing web development initiatives.

Nongsa Special Economic Zone (SEZ) Remote
Mobile Application and Cloud Development Intern Mar 2022 -Aug 2022

- Developed 3 Android apps incorporating Jetpack Compose and Firebase, increasing user engagement by 40%.
- Implemented Kotlin programming and Android architecture, enabling efficient development of scalable and maintainable mobile apps.
- Mastered UX/UI design principles using Figma, creating intuitive interfaces and increasing user satisfaction scores by 25%. Conducted user research, designed prototypes, and created UI designs with Figma, focusing on responsiveness and component properties.
- Supported team collaboration through Agile methodologies, completing projects on time and in compliance with estimated budgets.
- Practiced Project Management (SCRUM): Applied basic project management concepts and leadership skills in team and project planning.

NowMe Indonesia Tangerang, Indonesia
Administrative Officer Intern Feb 2021 - Jul 2022

- Spearheaded live commerce initiatives, empowering Indonesian SMEs/MSMEs through education and strategic partnerships at NowMe.
- Managed and processed online orders with 99% accuracy, ensuring high customer satisfaction.
- Maintained seller centers on Shopee, Tokopedia, and Lazada, increasing marketplace visibility by 30%.
- Monitored inventory and optimized sales promotions, reducing stockouts by 25% and boosting revenue growth.

Leadership & Activities

HIMSISFO MERCU BUANA West Jakarta, Indonesia
Education Division Member 2020 –2021

- Organized workshops on educational technology for students.
- Provided peer support for system users and contributed to internal data tracking and reporting.
- Assisted in the planning and execution of student events on digital literacy.

Certification & Skills

Certification
- AI & Cybersecurity Series, IBM – [Aug–Sep 2023] (incl. Building Trustworthy AI, Threat Intelligence, Enterprise Security, etc.)
- Mobile Application and Cloud Development, Nongsa Digital Park– Aug 2022
- Primavera P6 Professional Project, Oracle Academy – Aug 2020
- CCNA: Cisco Certified Network Associate, Cisco – Jul 2020
- Certified Secure Computer User, EC-Council – Jan 2020

Technical Skills: HTML5, CSS, JavaScript, Kotlin, Python for Data Science, IBM – RPA
Tools: Microsoft Office, WordPress, Figma, Android Studio, Watsonx.ai
Soft Skills: Communication, Problem-Solving, Leadership, Teamwork
